PIPE SPOOL DATA

Grounding lugs available on all spools and fittings.

Size	A (in)	Minimum length (in)
1	2	3-1/2
1 1/2	2-7/8	3-1/2
2	3-5/8	3-1/2
3	5	4
4	6-3/16	4-1/2
6	8-3/8	5-1/2
8	10-1/2	6-1/2
10	12-1/4	6-1/2

ALSO AVAILABLE IN POLYPROPYLENE AND PVDF

PTFE lined pipe spools are lined with a high quality paste extruded liner. The pipe is A587, A106 or A53 carbon steel with stainless steel available as an option. Standard spools come with two rotating flanges. Fixed flanges can be ordered if desired. Spools can be specified in lengths up to 20 feet.

Marspec has over 50 years experience in fabricating custom-length pipe spools in our own shop on the Eastern Shore of Mobile Bay.
